- a. By markings not easily differentiated by humans _____
- b. By voice _____
- c. By never straying far away when in this formation _____
- d. They don't, and it doesn't matter _____

A large colony of penguins, likely King penguins, is gathered on a rocky shore. The penguins are densely packed, filling the background and foreground. They have black heads and backs with white chests and necks. The ground is composed of reddish-brown rocks and pebbles.

Trivia quiz: Penguins

4. Penguins often huddle in groups of many thousands, partly to keep warm. How do they recognize their mates or offspring?

- a. By markings not easily differentiated by humans _____
- b. By voice X
- c. By never straying far away when in this formation _____
- d. They don't, and it doesn't matter _____

A large colony of penguins, likely King penguins, is gathered on a rocky shore. The penguins are densely packed, filling the frame from the foreground to the background. They exhibit black and white plumage with some individuals showing orange-brown patches on their chests. The ground is composed of reddish-brown rocks and pebbles.

Trivia quiz: Penguins

4. One aspect of mating is “singing” to one another to learn each other’s voices. When new chicks hatch, they immediately start calling to their parents so they will recognize their voices, too.

Trivia quiz: Penguins

5. When you see a penguin spread its wings and fluff its feathers it is:
- a. Preparing to mate ____
 - b. Still hoping to fly ____
 - c. Trying to cool off ____
 - d. Challenging another penguin to fight ____

Trivia quiz: Penguins

5. When you see a penguin spread its wings and fluff its feathers it is:

- a. Preparing to mate ____
- b. Still hoping to fly ____
- c. Trying to cool off X

Trivia quiz: Penguins

10. Playful penguins seem to enjoy all of the following sports except:

- a. Cliff diving _____
- b. Soccer with rocks X*
- c. Surfing _____
- d. Tobogganing _____

*But they do kick them around a bit

Discussion topic: Dreaming about penguins

According to the website Dream Lover Incorporated, as a dream symbol, the penguin “may represent concrete thinking, feelings of being burdened by unwanted emotions, lethargy, and a need to achieve balance.” The authors go on to say that “Superstition-based dream interpretation books say that the penguin indicates that your problems are not as serious as you may think them to be.”

Discussion topic: Dreaming about penguins

- Have you ever dreamed about penguins? Was it a good dream or a nightmare?
- Do these suggested dream interpretations make sense to you?
- Do you worry more than you need to?
- Do penguins make you smile?

Did you know?

To prevent frostbite on ears, Maine native Chester Greenwood invented **earmuffs** in 1873 at the age of 15. By 18, he had a patent and a factory!
